

i•creation 2020 Ltd Environmental Policy

Statement of intent

i.creation 2020 Limited is a low carbon business but is committed to minimising further the impact of all its activities on the environment.

The key points of its strategy to achieve this are:

- To minimise waste by encouraging staff to work in a paper free way wherever possible
- To reduce the carbon output of its car fleet
- Encourage the use of public transport wherever possible
- Actively promote recycling
- Seek to work with customers who have a positive impact on the environment
- Meet or exceed all the environmental legislation that relates to the Company
- We will work with suppliers who share our commitment to reducing the impact on the environment

Andy Jackson
